

CURRICULUM VITAE

Theodoros I. Zachariadis

December 2017

Personal Information

- Place and date of birth: Thessaloniki, Greece, 1971
- Married, two children
- Citizenship: Greek

Current Affiliations

- Dean, Faculty of Geotechnical Sciences and Environmental Management, Cyprus University of Technology
- Associate Professor, Department of Environmental Science and Technology, Cyprus University of Technology
- Academic Fellow, Economics Research Centre, University of Cyprus

Address

Dept. of Environmental Science and Technology
Cyprus University of Technology
P.O. Box 50329
3603 Lemessos, Cyprus

Tel. +357 25 002304
Fax +357 25 002667
E-mail: t.zachariadis@cut.ac.cy

Research Interests

Transport and environment; Energy, environmental and transport economics; engineering-economic modelling of energy and environmental policies; water economics and management

Education and Degrees

- Ph.D. (Mechanical Engineering), Aristotle University of Thessaloniki, Greece, 1997
- Diploma (Mechanical Engineering), Aristotle University of Thessaloniki, Greece, 1993
- Exchange student (Erasmus programme), University of Karlsruhe, Germany, 1992

Professional Experience

- 2017– Member of Scientific Committee, European Environment Agency, Copenhagen, Denmark
- 2015– Dean, Faculty of Geotechnical Sciences and Environmental Management, Cyprus University of Technology
- 2014– Associate Professor, Cyprus University of Technology
- 2009– Academic Fellow, Economics Research Centre, University of Cyprus
- 2009–2014 Assistant Professor, Cyprus University of Technology
- 2011, 2014–2017 Visiting Associate Professor, MSc Programme in Energy Studies, International Hellenic University, Thessaloniki, Greece
Courses taught (postgraduate):
Energy Economics, Strategic Energy Management
- 2007–2009 Visiting part-time Lecturer, Dept. of Economics, University of Cyprus
Course taught (undergraduate): Environmental Economics
- 2005–2008 Research coordinator, Economics Research Centre, University of Cyprus
- 2000–2004 Postdoctoral research fellow, Energy-Economy-Environment Modelling Laboratory, National Technical University of Athens (E3M-Lab/NTUA), Greece
- 2001–2003 Research Lecturer at E3M-Lab/NTUA
- 1999–2000 Visiting Assistant Professor, Department of Mechanical and Industrial Engineering, University of Thessaly, Greece
Course taught (undergraduate): Fuels and Lubricants
Visiting Assistant Professor, Department of Energy Engineering, Aristotle University of Thessaloniki, Greece
Course taught (undergraduate): Applied Thermodynamics
Postdoctoral research fellow, Department of Mechanical Engineering, Aristotle University of Thessaloniki, Greece
- 1997–1999 Military service in the Greek army
- 1993–1997 Graduate research and teaching assistant, Department of Mechanical Engineering, Aristotle University of Thessaloniki, Greece
Courses taught (undergraduate):
– Thermodynamics (numerical problems and laboratory practice)
– Heat Transfer (numerical problems)
– Supervision of six Diploma Theses of Aristotle University students

1991 Summer intern, Environmental Consultancy (EnviCon), Berlin,
Germany

Current Teaching and Administrative Duties

- Undergraduate courses: Principles of Sustainable Resource Management, Environmental Economics and Policy
- Postgraduate courses: Energy and Environmental Economics, Energy Resource Management
- Member of the University's Senate
- Member of the University's Economic Affairs Committee
- Departmental coordinator of undergraduate studies
- Departmental coordinator of the Erasmus European student exchange programme

Academic Advising

- Post-doctoral collaborators:
 - Adamos Adamou, PhD in Economics
 - Elena Ketteni, PhD in Economics
 - Apostolos Michopoulos, PhD in Mechanical Engineering
- Principal advisor of doctoral student Mr. Christos Zoumides in the field of water management and policy. PhD awarded in June 2014
- Principal advisor of doctoral student Mr. Isidoros Ziogou in the field of energy policy and modelling, 2015-
- External advisor of doctoral student Mr. Kevin Milis in the field of techno-economic energy modelling at the Department of Engineering Management, University of Antwerp. Belgium, 2016-
- External member of PhD examination committees of:
 - Mr. Constantinos Taliotis, Department of Energy Technology, KTH Royal Institute of Technology, Stockholm, Sweden (defence in June 2017)
 - Mr. Ouafik El Kasmioui, Faculty of Applied Economics and Department of Biology, University of Antwerp, Belgium (pre-defence in June 2013, defence in September 2013)
 - Mr. Pantelis Mitsis, Department of Economics, University of Cyprus (defence in May 2013)
- Principal advisor of the theses of 35 students of the Department's MSc programme in Energy Resources Management and 10 students of the International Hellenic University's MSc programme in Energy Systems

- Thesis of Mr. Marios Kerimis received the best graduate thesis award by the Research Promotion Foundation of Cyprus in 2014

Grants, Honours and Awards

- “Evaluation of the Effectiveness of Possible Climate Change Mitigation Policies and Measures”. Grant from the European Commission – Structural Reform Support Service, 2017-2018 (14 864 Euros)
- “Support for the formulation of a comprehensive medium and long-term energy efficiency strategy for Cyprus”. Grant from the German Organisation for International Cooperation (GIZ), 2016-2017 (19 292 Euros)
- “ODYSSEE-MURE, a decision support tool for energy efficiency policy evaluation”. Grant from the European Commission under the Horizon2020 programme (call H2020-EE-2015-3-MarketUptake), Grant Agreement number 696077, 2016-2018 (31 355 Euros, 1.8 mio Euros total)
- “Development of an energy demand forecast model for Cyprus”. Grant from the International Renewable Energy Agency, 2014 (USD 14 481)
- “European energy and environmental policy at a crossroads”. *Jean Monnet module*, funded by the European Commission – Lifelong Learning Programme (LLP), 2013-2016 (28 500 Euros)
- “Long-term energy planning of Cyprus: Update of the National Renewable Energy and Energy Efficiency Action Plans”. Grant from Ministry of Energy, Commerce, Industry and Tourism of the Republic of Cyprus, 2013 (4720 Euros)
- “Ground Source Heat Pump systems for nearly zero energy buildings: Energy, environmental and economic assessment for Cyprus”, Grant from Research Promotion Foundation of Cyprus, 2013–2015 (97 520 Euros)
- “Optimizing the penetration of renewable energy systems in buildings – Technical and economic assessment to improve energy efficiency of the buildings sector of Cyprus”, Research fellowship from the Ministry of Education and Culture of the Republic of Cyprus, 2012–2013 (7000 Euros)
- Energy data analysis for Cyprus in the framework of project “ODYSSEE-MURE 2013 – Monitoring of EU and national energy efficiency targets”, funded by the European Commission – Intelligent Energy Europe programme, 2013–2015 (7000 Euros)
- “Options for sustainable agricultural production and water use in Cyprus under global change”, Grant from Research Promotion Foundation of Cyprus, 2012–2013, Coordinator: The Cyprus Institute (22 300 Euros)
- Energy data analysis for Cyprus in the framework of project “ODYSSEE-MURE 2010 – Monitoring of EU and national energy efficiency targets”, funded by the

European Commission – Intelligent Energy Europe programme, 2011–2012 (10 000 Euros)

- “Effect of climate variability and climate change on crop production and water resources in Cyprus”. Funded by the Agricultural Research Institute of Cyprus, 2011 (10 000 Euros)
- “Economic impacts from the implementation of the European Union’s energy and climate change legislation package in Cyprus”, Grant from Research Promotion Foundation of Cyprus, 2010–2012 (120 000 Euros)
- “Nikos Symeonides” Research Prize from the Research Promotion Foundation of Cyprus, September 2009 (55 000 Euros)
- Invited participant at the 12th Biennial Conference on Transportation and Climate Policy, organized by the University of California, Davis, Asilomar Conference Grounds, Pacific Grove, CA, 28–31 July 2009
- Faculty start-up grant, Cyprus University of Technology, 2009–2010 (85 000 Euros, non-competitive)
- Marie Curie Reintegration Grant from the European Commission, 7th Framework Programme, 2008–2011 (45 000 Euros)
- Marie Curie Intra-European Fellowship from the European Commission, 6th Framework Programme, 2005–2007 (190 000 Euros)
- “Development of Quantitative Models for Long-Term Energy Planning and Analysis of the Transport Sector in Cyprus”, Grant from Research Promotion Foundation of Cyprus, 2004–2005 (63 000 Euros)
- Best paper presented at session ‘Vehicle-Environment Interface’ of FISITA (International Federation of Automotive Engineering Societies) Youth Congress, Prague, 1996
- Scholarship from the Technical Chamber of Greece for academic achievements as an undergraduate student, 1992
- Scholarship from the State Scholarships Foundation of Greece for travel and subsistence as an exchange student in Germany, 1992
- Scholarship from the State Scholarships Foundation of Greece for academic achievements as an undergraduate student, 1991, 1992, 1993
- Scholarship from the German Agency for Academic Exchange (DAAD) for graduate studies in Germany, 1989

Invited Lectures

a) Internationally:

- “Assessing the Economic Impact of Decarbonisation Policies for Motor Vehicles – Challenges for Future Research”. Invited talk at E.ON Energy Research Center Colloquium, RWTH Aachen University, Germany, July 2017.

- “Economic Measures or Regulations for Improving Energy Efficiency? Reflections After Dieselgate”. Invited talk at Policy Workshop on Economic Challenges for Energy, Madrid, Spain, February 2017.
- “Evaluating the Economic Impact of Decarbonisation Policies in Road Transport”. Invited talk at academic Workshop on Developments in Energy Economics, Madrid, Spain, February 2017.
- “Transport and Sustainability: Current Status and Future Prospects with a View to Decarbonisation”. Invited 3-hour lecture at summer school on ‘Energy Economics’ to PhD students of the InnoEnergy KIC of the European Institute of Technology, Grenoble École de Management, France, September 2016
- “From Dieselgate to a Green Tax Reform: Regulations or Economic Instruments for a Successful Energy and Environmental Policy?” Lecture to MSc students in the frame of their “Energy Economics” course, Department of Engineering Management, University of Antwerp, March 2016
- “Engineering-Economic Analyses of Sustainable energy and Transport Policies”. Academic seminar at Faculty of Applied Economics, University of Antwerp, Belgium, June 2015
- “Feebates in Europe: Economic and Environmental Aspects”. Academic seminar at Institute of Transportation Studies, University of California, Davis, March 2014
- “Policy options to address transportation energy and carbon intensity in Europe: Striking the balance”. Invited talk at the 7th Annual Berkeley Bioeconomy Conference, University of California, Berkeley, March 2014
- “Welfare Implications of CO₂-based Feebates for Automobiles: Simulations for the German Car Market”. Academic seminar at Energy Economics Group, Vienna University of Technology, Austria, December 2013
- “Welfare Implications of Automobile Feebates”. Invited research seminar at Faculty of Applied Economics, University of Antwerp, Belgium, September 2013
- “Quantifying the effects of climate variability on crop water use in Cyprus”. Academic seminar at Department of Biology, University of Antwerp, Belgium, June 2013
- “Welfare Implications of Carbon Taxes for Cars”. Academic seminar at Department of Geography and Environment, London School of Economics, UK, December 2012
- “Economic and Policy Considerations for Decarbonising Car Transport in Europe”. Invited talk at doctoral seminar (‘masterclass’) of the Transport Research School TRAIL, Delft University of Technology, The Netherlands, November 2012
- “Policies to Reduce Automobile Carbon Emissions: Standards or Taxes?” Academic seminar at Institute of Transport, Karlsruhe Institute of Technology, Germany, October 2012
- “Economic Aspects of Climate Change Impacts and Adaptation Measures in the Mediterranean”. Invited talk at conference of European Environmental National Contact Points ‘Env-NCP-Together’ Project, Malta, August 2012

- “Transportation, Energy and Climate Change – Economics and Policies”. Short course for MSc and PhD students at Department of Transport, Technical University of Denmark, June 2012
- “Environmental and Economic Effects from the Implementation of CO₂-based Feebates on Automobiles in Europe”. Academic seminar at Institute of Transportation Studies, University of California, Berkeley, September 2011
- “Environmental and Economic Effects from the Implementation of CO₂-based Feebates on Automobiles in Europe”. Academic seminar at Precourt Energy Efficiency Center, Stanford University, September 2011
- “What Have We Learned from EU Efforts to Reduce CO₂ Emissions in Transport? An Independent Perspective”. Invited talk at 13th Biennial Conference on Transportation and Climate Policy, organised by the University of California, Davis, Asilomar Conference Grounds, Pacific Grove, CA, August 2011
- “Oil/Mineral Profits and Bills in Less Industrialized Countries: Preliminary Analysis and Policy Implications”. Invited talk at Workshop ‘Improving policy-making for poverty reduction and food security’, organised by the United Nations Food and Agriculture Organisation, Rome, Italy, April 2008
- “Energy Efficiency Indicators for European Cars – A researcher’s viewpoint”. Invited talk at Workshop ‘New energy indicators for transport: The way forward’, organised by the International Energy Agency, Paris, France, January 2008

b) In Greece and Cyprus:

- “The need for a Green Tax Reform in Cyprus”. Invited lecture at a seminar of trade union SEK on tax reforms in Cyprus, Nicosia, June 2017.
- “What Kind of Economic Development do We Need for a Transition to a Circular Economy?” Invited talk at National Circular Economy workshop, organised by the European Parliament’s office in Cyprus, Limassol, February 2017.
- “Can Cyprus Achieve the Transition to an Energy Efficient and Low-Carbon Economy?” Invited talk at National Workshop on the Covenant of Mayors for Climate & Energy, Nicosia, December 2016.
- “The concept of the circular economy and the future of the industry in a resource- and carbon-constrained world”. Invited talk at Workshop on Sustainability in the Defence Sector, organised by the Ministry of Defence of Cyprus, Nicosia, June 2016
- “Outlook of Energy Demand in Cyprus up to 2040 and Implications for National Energy and Environmental Policy”. Invited talk at the 5th International Conference on Renewable Energy Sources & Energy Efficiency, May 2016
- “The Tax System as the Major Financing Instrument for the Green Economy Transition”. Invited talk at the environmental seminar series of the National Broadcasting Corporation of Cyprus, March 2016
- “The Energy Union – An Opportunity for the Transition to a Low-Carbon Economy?” Invited presentation at workshop on the Energy Union organized by the

European Commission Representation in Cyprus and the European Parliament Office in Cyprus, Nicosia, November 2015

- “Implementation of green economic reforms to address the costs of unsustainable development”. Invited lecture at National Sustainability Conference, Limassol, June 2015
- “Designing a national energy strategy: How and Why”. Invited lecture to senior undergraduate students, Department of Public and Business Administration, University of Cyprus, March 2015
- “The costs of cheap and unsustainable development – Some case studies from Cyprus”. Invited lecture at non-governmental organisation ‘Terra Cypria’, Limassol, November 2014
- “Analysing energy policy options in Cyprus with a suite of energy-economy models”. Keynote lecture at POEM 2013 – Conference on Power Options for the Eastern Mediterranean Region, Nicosia, October 2013
- “Challenges for Combating the Scarcity of Water Resources in Cyprus”. Invited talk at workshop ‘Climate Change Adaptation in Cyprus: Water Resources’, organised by the Environment Department of the Republic of Cyprus, December 2012
- “Economic Impacts of Climate Change in Cyprus”. Invited talk at European Marie Curie Conference, organized by the European Commission and the University of Cyprus, Nicosia, November 2012
- “Measuring the Costs of Unsustainable Development – Some Case Studies from Cyprus”. Keynote speech at the 10th annual meeting of the Working Group on Environmental Auditing of the European Organisation of Supreme Audit Institutions, Cyprus, November 2012
- “Water Pricing as a Climate Change Adaptation Measure”. Invited talk at Workshop on Water Utility Management and Pricing Policy, organized by the International Water Association Statistics and Economics Specialist Group and the Water Board of Limassol, April 2012
- “Natural and economic impacts of climate change in Cyprus and policy recommendations for adaptation measures”. Invited talk at the 5th meeting of the Working Group on Environmental Auditing of the European Organisation of Supreme Audit Institutions, Audit Office of the Republic of Cyprus, Nicosia, December 2011
- “Effect of climate variability and climate change on crop production and water resources in Cyprus”. Presentation at Agriculture and Climate Workshop, Agricultural Research Institute, Nicosia, April 2011
- “Econometric Analysis of Residential Water Demand in Cyprus – Implications for Water Pricing Policies”. Invited talk at stakeholders meeting of the European project MEDIWAT, Limassol, April 2011
- “Consumer Willingness to Pay for Water – Implications for Water Supply and Water Pricing Policies in Cyprus”. Guest speaker at conference organised by the European project ‘Technology Enabled Universal Access to Safe Water (TECHNEAU)’, Limassol, April 2010

- “Economic Impacts of Climate Change in Cyprus – A First Assessment”. Invited presentation at Workshop on Research Concerning Climate Change in Cyprus, organised by the Research Promotion Foundation and the Federation of Environmental Organisations of Cyprus, March 2009.
- “Are Standards Effective in Improving Automobile Fuel Economy?”. Academic seminar at Dept. of Economics, University of Cyprus, October 2006.
- “Engineering-Economic Simulations of Sustainable Transport Policies”. Keynote speech at the 8th Highway and Urban Environment Symposium organised by the Chalmers University of Technology and the Cyprus Institute, Nicosia, Cyprus, June 2006
- “Engineering-Economic Modelling of Energy Systems – Application in the Transportation Sector”. Academic seminar at Dept. of Civil and Environmental Engineering, University of Cyprus, September 2005
- “European Automobile CO₂ Emissions: from Forecasts to Reality”. Invited talk at Workshop on Climate Change and Energy Pathways for the Mediterranean, organised by the Cyprus Institute and the Alliance for Global Sustainability, Nicosia, Cyprus, June 2005
- “Engineering-Economic Modelling of Energy Systems – Application in the Transportation Sector”. Academic seminar at Dept. of Mechanical Engineering, University of Patras, Greece, April 2005 – in Greek

Professional Activities

- Associate Editor of Journal *Energy Economics* (Elsevier), 2010–
- Board Member of ‘Green Budget Europe’ – a Brussels-based expert platform on environmental fiscal reforms, 2016–
- Organiser of policy conference ‘*Investing for a Greener Future in Cyprus*’ with the European Commission Representation in Cyprus, Nicosia, June 2014
- Scientific Coordinator of Green Tax Committee set up by the Ministry of Finance of Cyprus, 2016–
- National Representative of Cyprus for the theme ‘Climate Action, Environment, Resource Efficiency and Raw Materials’ of the EU’s Horizon 2020 programme, 2014–
- Member of COST Domain Committee on Transport and Urban Development, 2013–2014
- Member of Standing Committee for Life, Earth and Environmental Sciences of the European Science Foundation, 2011–2012
- Member of Scientific Programme Committee of summer school entitled ‘*Water: Unite and Divide – Interdisciplinary Approaches for a Sustainable Future*’, organized by the European Science Foundation, Stresa, Italy, August 2012

- Organiser of workshop *'The New EU Energy and Climate Policy until 2030 and Its Implications for Cyprus'* with the European Commission Representation in Cyprus, Limassol, February 2015
- Organiser of workshop and policy conference *'Environmental Tax Reforms at Times of Economic Crisis'* with the European Commission Representation in Cyprus and 'Green Budget Europe', Nicosia, June 2014
- Coordinator of Special Committee and Member of the Electoral Body for the selection of a Lecturer or Assistant Professor in the field of 'Environmental Economics', Department of Environmental Engineering, Technical University of Crete, Greece, 2013
- Evaluator of proposals submitted to the European Commission's Marie Curie Programme, 2013
- Evaluator of research proposals for the Flemish Research Foundation (FWO), 2013 & 2014
- Evaluator of trans-disciplinary proposals submitted for funding to the European COST programme, 2013
- Reviewer of Chapter 8 ('Transport') of the First Order and Second Order Drafts of the 5th Assessment Report of Working Group III of the Intergovernmental Panel on Climate Change, 2012-2013
- Evaluator of proposals for the European Science Foundation (Call for exploratory workshops 2012)
- Evaluator of proposals for the Italian Ministry of Education, University and Research ('Futuro in ricerca 2012' programme – evaluation managed by the European Science Foundation)
- Member of Evaluation Committees of the Cyprus Council for the Recognition of Higher Education Qualifications (KYSATS), 2010–
- Member of Special Technical Committee of the Cyprus Ministry of Education for the evaluation of a new B.A. programme of a private college of Cyprus, 2011
- Advisor to the government of Cyprus carrying out national energy forecasts for compliance with European Union legislation, 2010–
- National representative of Cyprus in working groups of the European Union's Economic and Financial Committee and Economic Policy Committee on the economic dimension of energy and climate change, 2007–2009
- Delegate of Cyprus in the COST 355 action "Changing behaviour towards a more sustainable transport system", sponsored by the European Commission, the European Science Foundation and 34 European countries, 2006–2008
- Evaluator of project proposals for "Intelligent Energy - Europe" programme of the European Commission (DG TREN), in years 2005 and 2006
- Editor of working papers and of the quarterly newsletter of the Economics Research Centre of the University of Cyprus, 2005–2008
- Professional seminars on the environmental impact from energy production and use organised by engineering associations in Greece and Cyprus, 2003–2005

- Referee: *Climate Policy, Current Opinion in Environmental Sustainability, Energy Economics, Energy Journal, Energy Policy, Environmental and Resource Economics, International Journal of Sustainable Transportation, Journal of Asian Economics, Journal of Environmental Management, Journal of the Air and Waste Management Association, Transport Policy, Transportation Research Part A, Transportation Research Part D, Water Resources Management*
- Member: International Association for Energy Economics, European Association of Environmental and Resource Economists (country representative), Technical Chamber of Greece

**Participation in International Conferences / Workshops
(with oral presentations by myself – presentations by co-authors not included)**

- 15th European conference of the International Association of Energy Economics, Vienna, Austria, 3-7 September 2017
- 17th Global Conference on Environmental Taxation, Groningen, Netherlands, 21-23 September 2016
- Florence School of Regulation Climate Conference, Florence, Italy, 22-23 October 2015
- 21st Annual Conference of the European Association of Environmental and Resource Economists, Helsinki, Finland, 24–27 June 2015
 - Organiser of a policy session on ‘Reducing the Carbon Footprint of Road Transport: Economics versus Policy?’
- 3rd Annual Conference of the Green Growth Knowledge Platform, Venice, Italy, 30-31 January 2015
- 5th World Congress of Environmental and Resource Economists, Istanbul, Turkey, 29 June – 2 July 2014
- 20th Annual Conference of the European Association of Environmental and Resource Economists, Toulouse, France, 26–29 June 2013
- 19th Annual Conference of the European Association of Environmental and Resource Economists, Prague, Czech Republic, 27–30 June 2012
 - Session chair in session ‘Abatement costs II’
- 18th Annual Conference of the European Association of Environmental and Resource Economists, Rome, Italy, 29 June – 2 July 2011
- 34th International Conference of the International Association for Energy Economics, Stockholm, Sweden, 19–23 June 2011
 - Session chair in session ‘Transport demand modelling’
- 4th World Congress of Environmental and Resource Economists, Montreal, Canada, 28 June – 2 July 2010
- International Energy Workshop 2010, organised by the Royal Institute of Technology (KTH), the Electric Power Research Institute (EPRI), Foundation Eni

Enrico Mattei (FEEM) and International Energy Agency (IEA), Stockholm, Sweden, 21–23 June 2010

- 17th Annual Conference of the European Association of Environmental and Resource Economists, Amsterdam, Netherlands, 24–28 June 2009
- 9th Hellenic Conference on Renewable Energy Sources, Paphos, Cyprus, 26–28 March 2009
- 16th Annual Conference of the European Association of Environmental and Resource Economists, Gothenburg, Sweden, 25–29 June 2008
- 15th Annual Conference of the European Association of Environmental and Resource Economists, Thessaloniki, Greece, 27–30 June 2007
- 2007 summer study of the European Council for an Energy Efficient Economy, La Colle sur Loup, France, 4-9 June 2007
- 6th Academic Conference of the British Institute for Energy Economics, Oxford, UK, 20-21 September 2006
- International Energy Workshop 2006, organized by the University of Cape Town, Stanford University, the International Energy Agency and the International Institute for Applied Systems Analysis, Cape Town, South Africa, 27-29 June 2006
- 8th Highway and Urban Environment Symposium, organised by the Chalmers University of Technology and the Cyprus Institute, Nicosia, Cyprus, 12-14 June 2006
- 29th International Conference of the International Association for Energy Economics, Potsdam, Germany, 7-10 June 2006
- 9th International Conference on Environmental Science and Technology, organised by the Global Network on Environmental Science and Technology, Rhodes Island, Greece, 1-3 September 2005
- Workshop on Climate Change and Energy Pathways for the Mediterranean, organised by the Cyprus Institute and the Alliance for Global Sustainability, Nicosia, Cyprus, 21-22 June 2005
- 1st International Scientific Symposium 'Environment and Transport', Avignon, France, 19-20 June 2003 (poster presentation)
- 15th International Symposium of the European Conference of Ministers of Transport, Thessaloniki, Greece 7-9 June 2000
- 7th CRC On-Road Vehicle Emissions Workshop, organised by the U.S. Coordinating Research Council, San Diego, California, 9-11 April 1997
- XXVI FISITA 96 Congress (International Federation of Automotive Engineering Societies) + 1st FISITA Youth Congress, Prague, Czech Republic, 17-21 June 1996
- Third International Conference 'Air Pollution 95', organised by the Aristotle University of Thessaloniki and Wessex Institute of Technology, Porto Carras, Greece, 26-29 September 1995

- The SAVE (Specific Actions for Vigorous Energy Efficiency) Programme - Overview and Future, organised by the European Commission (DG XVII) and ENEA, Florence, Italy, 26-28 October 1994
- CORINAIR/UN-ECE Workshop on Emission Inventories and Emission Projections, Regensburg, Germany, 30 May - 2 June 1994
- International Conference “The Emission Inventory: Perception and Reality”, co-sponsored by the California Air Resources Board, the South Coast Air Quality Management District and the Air & Waste Management Association, Pasadena, California, 18-20 October 1993
- 3rd Conference on Environmental Science and Technology, University of the Aegean, Lesvos, Greece, 6-9 September 1993
- 2nd EUROTRAC/GENEMIS Workshop, organised by the Institute for Energy Economics and the Rational Use of Energy, University of Stuttgart, Germany, 7-8 October 1992

Ongoing Research

- Evaluation of consumer behaviour in the European automobile market: Implications for environmental policies in the transport sector (with A. Adamou and S. Clerides)
- Energy policy options for Cyprus in a carbon-constrained world: transportation, buildings and power generation (with A. Michopoulos and I. Ziogou)
- After which threshold do anthropogenic greenhouse gas emissions have an effect on global temperature? (with C. Savva, N. Michail and D. Koursaros)

Recently Completed Consulting Services

- “Development of an emissions inventory including a database of air pollutant emissions and modelling software for simulating and forecasting air quality in Cyprus”, in collaboration with the Aristotle University of Thessaloniki, Greece, and Aeoliki Ltd., 2007-2011. Funded by the Department of Labour Inspection of the Republic of Cyprus and the European Commission.
- “Oil/Mineral Profits and Bills in Less Industrialized Countries: Policy Implications for Sustainable Development”, in collaboration with L. Coutinho and Z. Kontolemis. Study conducted for the United Nations Food and Agriculture Organisation, 2008.

Earlier Participation in Research Projects (as a Principal Investigator)

- P1. “Methodologies for Integrating Impact Assessment in the Field of Sustainable Development (MINIMA-SUD)”, funded by the European Commission – 5th Framework Programme, 2002–2004

- P2. “New Econometric Model for Environment and Strategies Implementation for Sustainable development (NEMESIS)”, funded by the European Commission – 5th Framework Programme, 2000–2002
- P3. “Systems Analysis Promoting Induced Energy Technology Progress (SAPIENT)”, funded by the European Commission – 5th Framework Programme, 2000–2002
- P4. “Long Range Energy Modelling Including Transport Topics”, funded by the European Commission – DG TREN, 2000–2002
- P5. “Assessment and Reliability of Transport Emission Models and Inventory Systems”, funded by the European Commission – 5th Framework Programme, 2000–2003
- P6. “Study on Transport-Related Parameters of the European Vehicle Stock”, funded by the European Commission – DG TREN, 1999
- P7. “Development of a Database System for Calculating Indicators of Environmental Pressure Due To Transport”, funded by the European Commission – DG VII and Eurostat, 1998–2000
- P8. “Installation of a Complete and Reliable System of Mathematical Models for Atmospheric Pollution in the Thessaloniki Planning Organisation”, funded by the Thessaloniki Planning Organisation, 1997–1998
- P9. “Forecast of Emissions from Road Traffic in Athens in the Year 2004”, funded by the “Athens 2004” Olympic Games Organising Committee, 1996–1997
- P10. “System for Inventorying and Controlling Air Pollutant Emissions From Transport Modes”, funded by the Greek Ministry for the Environment, Spatial Planning and Public Works, 1996–1997
- P11. “Methodologies to Estimate Emissions from Transport (MEET)”, funded by the European Commission – 4th Framework Programme, 1996–1998
- P12. “Inspection of In-use Cars in order to Attain Minimum Emissions of Pollutants and Optimum Energy Efficiency”, funded by the European Commission – DG VII, DG XI and DG XVII, 1994–1998
- P13. “Development of A Methodology for the Estimation and Forecast of Air Pollutant Emissions from Mobile and Stationary Combustion Sources in Greece”, funded by the Greek General Secretariat for Research and Technology, 1995–1996
- P14. “Participation of LAT In The Working Group "Emission Scenarios" Of The Tripartite Auto/Oil Exercise”, funded by CONCAWE (the Oil Companies’ European Organisation for Environmental and Health Protection), 1994–1995
- P15. “Development of a Methodology and a Computer Model for Forecasting Future Atmospheric Emissions from Relevant Mobile and Stationary Sources”, funded by the European Commission – DG XI, 1993–1995
- P16. “Update of the Methodology for Estimating Emissions from Road Traffic”, funded by the European Commission – DG XI, 1991

P17. “Forecast of Emissions from Motor Vehicles in the European Community”, funded by the European Commission – DG XI, 1989–1992
