Technology

The EuroCALL Teacher Education SIG, in collaboration with the Cyprus University of Technology Language Centre, invites you at a Workshop Day in:

## **Practical Implementation of digital technologies: a day of professional development**

Digital technology has changed routines and practices. Language educators across the globe are presented with opportunities for better and more exciting teaching. Using technology in the classroom can be a very efficient way to enhance student engagement and incorporate different ways of language learning. The EuroCALL Teacher Education SIG, in collaboration with the Cyprus University of Technology Language Centre, will host a Workshop Day in Limassol, Cyprus that will explore and embrace the benefits new technologies have to offer language education.
